

ecentric PAYMENT SYSTEMS Money Transfers

A proven counter-to-counter money transfer service for retailers, allowing consumers to send cash to any beneficiary using their preferred channel. Businesses can send to multiple selected receivers. The service is available in multiple domestic markets in Southern Africa and cross border.

How it works

The sender notifies the intended receiver with a voucher number & PIN.

The receiver can then immediately redeem the cash at their preferred cash outlet.

Features

- Proven in the market for more than ten years
- High levels of security & trust developed
- Certified system compliance - domestic & cross border
